

# How to Find A Granite Block

The list of granite blocks is sorted alphabetically by the name of the organization or person that the block is Dedicated To.

The Block Location is defined as follows:

Example: **GL067**

The letter G indicates that it is a granite block

The letter L indicates that it is a 24" x 24" block

The letter S indicates that it is a 12" x 12" block

The number indicates the block position location in conjunction with the below chart.  
Granite Blocks are located in front on the monument on the ground level
